

ANNUAL REPORT (2025–2026)

Since its establishment in 2006, TERF'S Academy College of Arts and Science has remained committed to providing quality education to rural students while fostering their holistic development. The institution consistently strives to enhance its infrastructure and introduce innovative academic initiatives in pursuit of this vision.

During the current academic year, the college has strengthened its facilities by adding two new classrooms and establishing a dedicated laboratory equipped with LED screen projectors, thereby enriching the teaching–learning environment.

The academic process is guided by a team of 26 highly qualified and dedicated faculty members, including 7 Ph.D. holders and 12 M.Phil. degree holders, who contribute with commitment and excellence.

The total student strength stands at 555, comprising 249 first-year students (UG and PG), 184 second-year students (UG and PG), and 122 third-year undergraduate students, along with 15 doctoral research scholars.

The college currently offers a diverse range of programmes, including B.Com., B.Com. (CA), B.Com. (PA), M.Com. (CA), Ph.D. in Commerce, BBA, B.Sc. (Computer Science), BCA, B.Sc. Mathematics (CA), B.Sc. (CDF), and M.Sc. (Computer Science). In the forthcoming academic year, the institution plans to expand its academic portfolio by introducing M.Com. (CA) with an additional intake of 30 seats, M.Sc. (IT), and a Ph.D. programme in Computer Science.

It gives me immense pleasure to present this Annual Report for the academic year 2025–2026 on the occasion of the 20th Annual Day of our college. The year has indeed been eventful, marked by significant achievements and continued progress.
